

Tired of rebuilding your bucket?

Introducing AFE's Premium HD Cleanout 60in Bucket

About Company

AFE's Premium HD Cleanout 60in Bucket is more than just an add-on, it's an extension of your machines. With over 10 years of experience rebuilding buckets, we are now excited to introduce our new Premium HD Cleanout 60in Bucket. Perfectly balanced to the excavator so you can take on heaping loads without compromising fuel efficiency or machine health. We built them to fill faster, retain your load, and fit your task. Built stronger than our competitors and turn around time is only **5 - 7 business days**. Call our sales team to learn more today.

Overview:

- Fits virtually all pin grabber machines, pin mounts, and wedge lock machines.
- All products are made from Hardox® 450 manufactured at SSAB steel mill in Sweden. Hardox® 450 is an abrasion resistant steel with excellent structural properties.
- Reinforced side bottom plates designed to give extra durability in the bottom corner of the trench where it is needed the most.
- Bolt on Cutting Edge, which can be easily replaceable and when one side is dull you can easily reverse the cutting edge to use the other side.
